

Visual Online Reservations - Tagging Along

This facility allows you to find 'free seats' and to tag along. (Of course, before booking yourself into someone else's flight you are expected to check that this is fine with them!)

First ensure that you are 'logged in'.

You should get a screen something like this:

The screenshot shows the main interface of the Visual Online Reservations system. At the top is a navigation menu with links: Reservations, Profile, Legend, Support, Inbox, Reports, Staff, Logout, and Info. Below the menu is a blue header bar containing a logo (a stylized yellow 'A' with wings), a left arrow, the date "Saturday, 6 May 2006", and a right arrow. Underneath the header, it displays "Sunrise: 04:44, Sunset: 21:09".

The main content area features a search bar with a "Go!" button, a date field set to "6 May 2006", a calendar icon, and two checkboxes: "Display Waiting List" and "Display Freelance Instructors". Below the search bar is a reservation grid. The grid has columns for dates from 07 to 04 and rows for aircraft G-BOOL and G-BOHS. A green bar labeled "JS" spans from 14 to 18 for G-BOOL, and a green box labeled "GH" is in the 15th column for G-BOHS.

[If there is a dialogue box warning you that you have messages, click on the 'OK' button to get to the screen above.]

Click on 'Reports' [on the top line]

A menu will drop down. Click on 'Free Places'

This screenshot shows the interface after clicking on 'Reports' and then 'Free Places'. The navigation menu at the top remains the same. Below it, there are search filters: "From: 6 May 2006" and "To: 6 May 2006". At the bottom, a table header is visible with columns: Member, Aircraft, From, To, Instructor, From, To.

Type in the range of dates for which you wish to tag along.
Click 'Go'

A list of flights with free places will be shown.

You can then contact the relevant pilots to see if you can go with them.

Warning: You may find that you go to new aerodromes, pick up new skills and make new friends through this feature. Use with care.
